PROFESSIONAL SUMMARY

Front-end focused web developer with 1.5 years of experience building responsive user interfaces using React and modern CSS frameworks. Some exposure to backend basics and relational databases through university coursework and small personal projects. Eager to grow into full-stack development.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3, basic C#

Frameworks & Libraries: React, Bootstrap, Tailwind CSS

Databases: Basic SQL (coursework level)

Tools: Git, Figma, VS Code, Agile basics

WORK EXPERIENCE

Junior Web Developer — BrightPixel Studio, Kandy

Mar 2023 – Present

- Built and styled responsive landing pages and marketing sites for small business clients using React and Tailwind CSS.
- Converted Figma designs into pixel-accurate front-end components.
- Assisted senior developers with minor bug fixes and content updates on existing client sites.

Intern — Campus IT Help Desk, NSBM Green University

Jun 2022 – Dec 2022

- Provided first-line technical support to students and staff for hardware and software issues.
- Assisted in maintaining lab computers and basic network troubleshooting.

EDUCATION

BSc (Hons) in Software Engineering (Undergraduate) — NSBM Green University, Sri Lanka (2020 – 2024, expected)

PROJECTS

- Personal Portfolio Website:** Built with React and deployed on Netlify.
- Simple Todo App:** React front-end with local storage, no backend.
